

49 COUNTIANS SUMMONED FOR PRE-INDUCTION

Forty-nine Adams county men will be called for pre-induction physicals, the State Selective Service Headquarters at Harrisburg revealed this morning.

The men called will be those closest to 26 years of age and in 1-A classification. Married men are not listed in 1-A at the present time by the local draft board.

With the state office announcing that approximately eight men will be called for physicals for every one drafted from the group, it is indicated that Adams county's draft call will be for six or seven men. However, the state board said that the final number to be inducted into the army through each draft board has not as yet been determined.

Ready September 30

The large number of men called up for physicals will make "absolutely certain" that the state will be able to meet its quota of 1,401 men for the Korean war's first draft, Lt. Col. Henry M. Gross, director of selective service for the state, said.

The countians will go to Harrisburg August 2 for their physicals. The group will include men between the ages of 22 to 26. Induction into the army will take place by September 30.

Final quotas for the draft will be based on availability of men in each local board, so that averages cannot be applied with accuracy in making the current estimate of how many men will be called from each county, Gross said.

Draft boards will begin their schedule of men for physicals with the 25 year olds and work downward toward the 19 year olds, and the drafting will be carried out the same way, Gross added.

SHEELY SPEAKS AT "REC NIGHT" AFFAIR FRIDAY

"The history of Adams county has shown many changes in our way of living," Judge W. C. Sheely told an audience of 500 gathered at the Recreation Park Friday night for a "Rec Night" program.

"Most of the changes were so gradual that those of us who lived through them were hardly aware of the change. Yet the changes were so radical that our great grandfathers, if they were to reappear on the scene today, would have much difficulty in adjusting themselves to our way of living," Judge Sheely added.

The jurist was the principal speaker at a program which included the introduction of Donald C. Joseph, new recreation director, the introduction of the members of the Recreation association board of directors, a concert by the Gettysburg high school band, a live pet show and an all-star game between two midwest teams.

Recent Changes

"The greatest changes have occurred in the past 30 years," Sheely added. "Our school system has been completely revamped, our means of transportation have been changed, our working conditions, our medicine have all been changed and improved."

"But these improvements have brought with them new problems, and with them a desire for a better life."

"One of the problems brought by the change of the way of our life is the problem of recreation, one that did not exist 50 years ago when there was so much work to do that there was little time for recreation for any of us, young or old. Now the fact that our youngsters and ourselves have leisure time makes it necessary that we have a good whole program of recreation for young and old. The establishment and operation of this Recreation park is one of the ways in which we are successfully meeting the problem."

The speaking portion of the program opened with an invocation by the Rev. Wallace E. Fisher and introductory remarks by Dr. Lloyd C. Keefeauver, Gettysburg superintendent of schools, who was master of ceremonies.

Attorney Richard A. Brown, president of the recreation board, told the group that "the Recreation association is still in its infancy. A great deal has been accomplished, but it is but the beginning of a tremendous task that will be carried out." He praised Paul Whitmoyer, first recreation director in the borough, who resigned recently for his part in starting the program.

Brown introduced Recreation Director Joseph and the following board members: Mahlon P. Hartzell, Mrs. David Blocher, Mrs. Sydney J. Poppay, Richard Codori and Daniel J. Wolf. The benediction was pronounced by the Rev. J. O. Fountain.

MAN IS FOUND DEAD FRIDAY IN CHICKEN HOUSE

Russel G. Hannigan, aged approximately 60, was found dead Friday evening in the chicken house of a house tenanted by Mr. and Mrs. Bernard Sanders, Abbotstown R. 1, where he had resided in a room in the rear of the home.

When his body was found Friday night about 8:30 o'clock it was the first time he had been seen by the Sanders since Monday when Mr. Sanders took him to Hanover at his request.

The man had worked for the past month for John M. Bair, Abbotstown R. 1, owner of Bair's cabinet shop, near Cross Keys, and the house in which he resided is owned by Bair.

Mr. and Mrs. Sanders found the body when they went to feed the chickens in the combination frame barn and chicken house Friday night. Hannigan had apparently seated himself on a log at the end of the chicken coop part of the structure, and had fallen back into an alcove among some chicken crates when stricken, state police surmised.

Efforts were being made today to locate his family. He is believed to have several sons and a daughter, with whom his widow is believed to be residing. A letter from a son in Shrewsbury, Md., was found, and attempts made to contact the son, but it was learned this morning that the son had moved.

Tokyo, July 15 (AP)—An army spokesman in Korea said tonight the American left flank had been pushed back from the Kum river to a new position by attacking Communists.

The advanced headquarters spokesman said the U.S. troops were holding firm at the center north-west of Taejon, but had been moved back generally west, somewhat from Taejon, the emergency capital.

Northward, midway to Chongju, 50 miles from Taejon, South Korean forces gave some ground.

The spokesman said no Red tanks had been seen south of the river. But several were seen on two north-south roads west of Taejon.

Some Red soldiers were seen advancing under heavy mortar fire. Associated Press Correspondent William R. Moore at advanced headquarters said in a dispatch timed at 10:52 p.m. (7:52 a.m. EST).

4 Red Tanks Blasted

Moore said the Red self-propelled 76 millimeter guns were believed to have been brought into use.

Earlier Moore had reported from Korea the Americans had stabilized their positions near the Kum river toehold grabbed by the Communists earlier in the day.

Four Red tanks were destroyed attempting ferry crossings of the river. As far as was known here no tanks had crossed the shallow stream.

The Communists apparently were trying to drive a wedge between the American right flank and South Korean troops defending a sector 10 miles south of Chongju.

Heavy Fighting Rages

Heavy fighting raged in that sector. The South Koreans were holding their own in this battle. William R. Moore, Associated Press correspondent, said in a field headquarters dispatch received here at 10 p.m. (7 a.m. EST).

Moore said there was relatively little fighting during the day around the Samgyo foothold seized by the Reds. Some of these waded the shallow river to reach the south side, where they held on tenaciously.

The Red bridgehead was established by large forces of infiltrating troops carrying considerable equipment and covering an extensive area. Some estimates, Moore said, were that between 1,000 and 2,000 foot soldiers made the initial crossing. They apparently spread rapidly over an extensive area.

Red Boats Stopped

There was little available information on the situation in the center of the Kum river line. But evidently American forces there were holding.

Small arms in the hands of U.S. soldiers repelled three attempted crossings by Communists in boats. An attempted crossing Friday which the Americans smashed was made by about a company of Red soldiers trying to walk across the ruins of a blown bridge. The Reds lost heavily in sharp artillery and small arms duels.

The first crossing was made about 20 miles northwest of Taejon. Taejon was the provisional capital of South Korea after Seoul fell.

The Reds, some wearing American fatigues, attacked in overwhelming force. They overran one American artillery unit. There was no indication of the fate of the artillerymen.

FIND BODY OF BOY IN SHARK CAUGHT SUNDAY

Galveston, Tex., July 15 (AP)—The shark that swallowed a boy has officers puzzled.

They know where the shark, a nine-foot man-eater, came from, but they don't know where he found his victim.

Thursday the carcass of the shark was discovered in the shallow waters of Galveston bay. A human foot protruded from the decomposed shark. Inside the carcass officers found the torso of a youth, perhaps 17 or 18 years old.

Justice of the Peace James McKenna said a study of the human remains indicated the youth was between five feet and five feet, five inches tall.

Shark Is Netted
The skipper of a shrimp boat, Capt. Malcolm Saunier, said his crew netted the shark in the bay Sunday and tossed the fish overboard in the harbor after it died.

Officers consulted J. L. Baughman at Rockport, chief marine biologist for the Texas game, fish and oyster commission and an expert on sharks.

Baughman said the shark could have found his human meal a long way from Galveston since a shark can swim 250 miles in a day. He estimated it would take a shark about three days to digest a human body.

Baughman also pointed out that it is possible the shark did not attack the youth, but devoured the body after the youth had drowned or died in some other manner.

URGE A-BOMB ULTIMATUM

Harrisburg, July 15 (AP)—The Pennsylvania Veterans of Foreign Wars Friday urged President Truman to issue an ultimatum to the North Korean government to withdraw its armies immediately beyond the 38th parallel or the United States will use the atom bomb.

The request was made in a resolution adopted by the organization's annual convention.

In another resolution, the VFW called upon the Commonwealth to take steps immediately to see that only veterans are appointed to serve on draft boards in the state. "Those who have not served have no right to select those who will serve," the resolution stated.

The VFW also went on record for immediate establishment of universal military training and opposed any increase in the immigration quota.

The organization asked in another resolution that all persons not citizens of the United States, and all members of the Communist party, whether or not they are citizens, be required to register and give an account of their activities, so long as Russia and its satellites remain unfriendly to America.

U.S. Elks Close Miami Convention

Miami, Fla., July 15 (AP)—The nation's Elks closed their 86th annual national convention here Thursday with a letter of thanks from President Truman for their "loyal support."

The president replied to the Elks for their approval of aid extended to Korea by saying "I am grateful to all of you for your loyal support."

Members voted an assessment of \$1 for each of the 1,027,000 Elks for purposes of defense and general welfare. Another \$25,000 is to be added from the grand lodge reserve fund.

Officers were installed with impressive ceremonies at the closing business session. Hundreds of delegates then boarded planes and the steamship Florida for a trip to Havana, Cuba. Others left by train, plane and auto for their homes all over the country and in Alaska.

Board Considers Nazi Clemency

Frankfurt, Germany, July 15 (AP)—An American board has begun consideration of whether to grant clemency to 90 German war criminals convicted at Nuremberg, it was announced Friday.

The new clemency board also is empowered to decide the fate of 16 who were sentenced to death. The death sentences had been stayed in 1949 but the stay was recently lifted.

The board was set up by the U.S. high commissioner in Germany with full discretionary power. Its function is not to review the Nuremberg court judgments but to consider clemency appeals as does a parole board in the United States.

Chairman of the board is David W. Peck, of New York city, presiding judge of the appellate division, first department, New York Supreme court.

Rochester, N. Y., July 15 (AP)—The appellate division of the New York state Supreme court has ordered a new trial for the Rev. George P. Hetenyi, 40, who was convicted last January of second degree murder in the shooting of his 25-year-old wife. Hetenyi is now serving a sentence of 50 years to life in Attica prison.

News Briefs

Hampton Beach, N. H., July 15 (AP)—A \$500,000 flash fire roared through 16 buildings in the heart of this popular New Hampshire seaside resort last night. It razed an entire wooden block, destroying one hotel, four restaurants, a penny arcade and several rooming houses and other business establishments. Another hotel was damaged. No one was injured seriously.

Washington, July 15 (AP)—Using the Korean war as a spring-board, prices are rising on many things people eat, wear or use. This was demonstrated yesterday by a weekly report from the Bureau of Labor which showed virtually all wholesale prices headed upward. Retail prices generally trail wholesale prices by only a few days.

Tokyo, July 15 (AP)—Lt. Gen. George E. Stratemeyer said today P-80 shooting star jets "have accounted for 85 per cent of North Korean vehicle and material losses." "Rocket and machinegun fire from P-80s has blown up more tanks, trucks and other equipment than all other types of air attack combined," the commander of the Far East Air Forces added in a statement.

Harrisburg, July 15 (AP)—Rural Pennsylvanians today were urged by Gov. James H. Duff to join in the observance of National Farm Safety week, July 23-29. "Statistics indicate that more than 100 lives are lost annually in Pennsylvania due to accidents on farm," the governor said in a statement.

Detroit, July 15 (AP)—With two families broken and bewildered, the sordid ending to an illicit love led toward the murder courts today. Brooding in a jail cell, 42-year-old Sam Sampson is going to be charged with murder in the pants belt strangling of pretty Mrs. Vivian Stanley, 37. The husky grocer-butcher, married and father of three children, confessed the slaying yesterday after 16 hours of police grilling.

JAWS BROKEN

George B. Forry, 41, of Hanover, suffered fractures of both jaws Friday when a rod in a combine sprang back and struck him in the face. He was admitted as a patient at the Warner hospital.

The first drum cylinder press was installed in the offices of the London News in 1813.

Search For Body Of Plane Victim

Erie, Pa., July 15 (AP)—Coast Guardsmen dragged Lake Erie Friday for the body of one of two people who died in a plane crash near Northeast, Pa.

The body of R. G. Cobb, Cleveland manufacturer, was recovered last night from the wreckage of a small plane.

Dr. Eslie Hartman, 34, of Chicago, a cousin of Cobb's, was reported by associates to have been with him. Her luggage was found floating in the cabin alongside Cobb's body.

The plane crashed into the lake shortly after noon yesterday during an electrical storm. It sank almost immediately.

However, the craft floated to the surface last night after its motor had been torn loose in the choppy waters. Fishermen pulled the wreckage ashore.

Nuclear Power Is 20 Years Distant

London, July 15 (AP)—British and American scientists told the fourth World Power conference Friday they will need perhaps 20 years to create atomic power plants giving practical service to industries and communities.

Sir John Cockcroft, director of British atomic energy research establishments, in a paper presented to the 30-nation science conference, said that in Britain the first experimental reactors designed for power production probably will be in operation in the next three to five years. Another five years, he said, will probably be necessary to solve chemical, engineering and metallurgical problems involved.

"We are unlikely, therefore, to embark on any large scale development of nuclear power before at least the following decade," Cockcroft said.

Franconia Still Aground In River

Quebec, July 15 (AP)—The 20,000-ton line Franconia was still perched on a St. Lawrence river reef Friday, despite efforts of a fleet of tugs to shake her loose.

Divers were sent down to examine the hull and see what could be done to lift the big ship off her rocky roost on the Isle of Orleans, one mile from Quebec. It had been hoped that full tide would float the vessel, but she remained fast Thursday.

The Cunard-Donaldson liner rammed onto the reef off Pointe au Tauxau Wednesday night, 45 minutes after clearing Quebec for Liverpool.

None of the 780 passengers or crewmen aboard was reported injured in the mishap.

Toyo, July 15 (AP)—U. S. Army authorities today abruptly told Associated Press correspondent Tom Lambert and United Press correspondent Peter Kalscher that they could not return to the South Korean war front. Lambert, wearing combat fatigues, was notified as he was about to board a bus at the start of a return trip to the war front in Korea. He had been here briefly on leave. No explanation was given to him at the time.

MacArthur Accepts United Nations Flag

Tokyo, July 15 (AP)—General MacArthur Friday accepted the flag of the United Nations and said his command would "do all in its power to uphold this noble ideal."

The flag—a white globe surrounded by laurel branches on a blue field—is the "symbol of one of the greatest efforts man has made to free himself," MacArthur declared. He is UN commander for the Korean war as well as U. S. Commander-in-Chief and Chief of the Allied occupation of Japan.

The flag was presented by Gen. Joseph Lawton Collins, U. S. Army Chief of Staff, in a brief ceremony at supreme allied headquarters.

The three-by-five-foot standard is the same one that flew over the Palestine headquarters of the late Count Folke Bernadotte, UN mediator in the Holy Land dispute, a UN official said.

Nab Policeman On Boston Plane Trip

Philadelphia, July 15 (AP)—A Wilkesburg, Pa., policeman was taken from a plane Thursday at International Airport by Philadelphia detectives at the request of Allegheny county authorities.

Detective Sergeant Fred Wallace said the policeman, Lester Smith, told him he was en route to visit relatives in Boston. Smith is being held at a West Philadelphia police station pending arrival of Allegheny county officials, probably late today.

Smith was suspended from the Wilkesburg police force after he was convicted of trying to influence a key witness in a robbery trial. He has been on bond pending a motion for a new trial. The state charged Smith tried to influence a witness in the trial of Ben Husick, accused of stealing money from a bank teller's window.

Chief of County Detectives Kenneth Baird asked Philadelphia police to arrest Smith when he learned Smith had left the jurisdiction of Allegheny county.

Fishing Trip Is Fatal To Boy, 6

Spring Grove, Pa., July 15 (AP)—The Whitson family sat down to dinner last night and a head count showed that only 11 were present. Six-year-old Charles Whitson, Jr., was missing.

The father, Charles Whitson, and a son, Scott, 20, went looking for the missing boy, who last was seen fishing at a water-filled quarry.

At the quarry they found a fishing rod on the bank, the line trailing in the water. They tugged on the line and Charles' body came to the surface, his clothing snagged on the hook.

The boy is survived by his father and mother and nine brothers and sisters.

AWAIT OFFERS OF AID TO UN

Lake Success, July 15 (AP)—America and the rest of the United Nations watched anxiously today for replies from 52 U.N. members to Secretary-General Trygve Lie's call for all-out fighting aid to stem the Red invasion of South Korea.

Lie expressed his concern over the U.N. situation in Korea at a press conference yesterday. He made it clear he expects every one of the U.N. members except the dissenting Soviet bloc and Communist Yugoslavia to help turn back the North Korean Reds and restore peace in that divided land.

Lie does not expect troops from every one of the 52 countries. Costa Rica, for instance, was not asked because, one U.N. official said, the country's constitution forbids an army. However, they all are expected to chip in some supplies and other evidence of aid.

India, whose delegate recently told newsmen that India could not send troops to Korea, was among those asked directly for soldiers.

Arab countries also were asked for help, although observers here differed as to the extent of their support of the Security Council resolution calling for all measures to stop the fighting. Egypt abstained on the resolution but Lie told reporters he knows Egypt is backing it now.

RESUME TRIP AFTER WRECK

Minneapolis, July 15 (AP)—A party of eastern excursionists whose tour was halted at Paynesville, Minn., by the wreck of their Soo Line train and injury of many of them, were on their way again Friday.

A new version of their special train was made up here Thursday for continuance of the trip through the Canadian Northwest, and on to Seattle for the annual convention of the National Retail Hardware Dealer's Association.

Fourteen of the most seriously hurt, including two train crew members, remained in Eitel hospital in Minneapolis. Approximately 63 others reported injuries, most of them minor. In all, 120 complained of being hurt, but some did not report for examination.

The accident occurred near Paynesville at 3 a.m. Thursday. The vacation special collided with a freight train which was backing into a siding to clear the main line. The injured passengers were given first aid at the scene and then were brought to Minneapolis.

Those hospitalized, most of them with head or back injuries, included: W. Glen Pearce of Wynnewood, Pa.; Mrs. Maude Reinboth of Abington, Pa.; Mrs. Elizabeth Allen of Carlisle, Pa.

W. Sanders, treasurer, attended the silver jubilee convention of the Harrisburg Diocesan Council of Catholic Women in Steelton on Thursday. They were present at the opening mass, the business sessions morning and afternoon, the delegates' luncheon and the closing banquet in the evening.

The Gettysburg County club has extended an invitation to all Brownies, Intermediate and Senior Girl Scouts of the community to visit the club on Tuesday, from 1 to 6 p.m. They will have the privilege of using the swimming pool and they may take a box lunch or purchase light refreshments on the grounds. Transportation will be provided for the local girls, who are requested to meet at the fire engine house on Tuesday at 12:45 p.m.

Next week's schedule for Littlestown softball follows: Monday, Harry's and Sonny's vs. Redeemer's; Tuesday, Rookies vs. Foundry; Wednesday, Windsor Shore vs. Eagles; Thursday, Central Tavern vs. Mystic Chain.

Generals Say All Will Be OK In Korea

Washington, July 16 (AP)—The chiefs of staff of the Army and Air Force flew back from Korea today with the word that "our troops are doing damn well there, and everything will come out all right."

Their return from the war theater was expected to speed up President Truman's decision on what to do about mobilizing American resources.

Gen. J. Lawton Collins, army chief, stepped off the plane with Gen. Hoyt S. Vandenberg, Air Force Chief, in a driving rain at 7:35 a.m. (EST) at the military airport, after a four and a half day flying trip to Japan and the Korean battlefield.

Neither general would say anything about the nature of the recommendations they will make as to stepping up support for the Americans fighting the Communists in South Korea.

The Army and Air Force chiefs left Washington Monday night with the announced intention of finding out on the spot how best the Defense department and armed services could support Gen. Douglas MacArthur's elements in Korea.

LEMON PITCHES CLEVELAND TO WIN OVER YANKS

By JACK HAND
(Associated Press Sports Writer)

Cleveland is coming strong with Bob Lemon, top pitcher in the majors, showing the way. Good pitch, good hit. That's the story of Lemon, high man on the Tribe totem pole.

When Lemon works, manager Lou Boudreau feels he has 10 men on his side. The former infielder is an extra man on defense, one of the best fielding pitchers in the game. At bat, he's a dangerous long distance slugger with a .278 average, three home runs and 14 runs batted in.

Lemon became the first major leaguer to win 13 games this season with a neat three-hit job against the New York Yankees last night. The three-run homer in the eighth was just an added frill. He didn't need it.

Athletics Split
Coming at the start of Cleveland's important eastern trip, it was a 1-1 tie for the Tribe. They trail Detroit by five games but now are only a half game behind the second place Yanks.

Detroit took advantage of the Yankee loss to stretch its lead to 4½ games on Freddie Hutchinson's 2-0 job against Washington.

The run-happy Boston Red Sox came up with their second 11-run inning of the season while overwhelming Chicago, 13-1.

St. Louis and Philadelphia remained in a last place tie by splitting a twilight-night doubleheader. The Browns' reliever Clarence Marshall gave Philadelphia the first game, 3-2, when he walked Sam Chapman on a 3-2 count with the bases full in the ninth. Homers by Roy Sievers, Owen Friend and Don Lenhardt carried the Browns to a 5-2 second game win.

Phillies Lose
The Cardinals tightened the National league race, drawing within one game of Philadelphia with a 4-2 victory over the Phils. It may have been a costly win for St. Louis because Stan Musial left the game with a wrenched knee and pitcher Harry Brecheen retired with a sore left arm.

Bill Howerton was the big gun of the Card attack that ruined "Robin Robins night" for the young Phil pitcher. Fans from his home town of Springfield, Ill., gave him a wrist watch before the game. Then the Cards gave him the works. It was the fourth loss to 10 wins for the all-star game starter. Howerton drove in three runs with a homer and two singles, breaking a 2-2 tie in the sixth with his homerun.

25th For Kiner
Erv Palica, a refugee from the Dodger bullpen, pitched his second straight five-hit win for Brooklyn to shutout Philadelphia, 1-0. Not a Cub reached second base until Andy Pafko doubled in the ninth. It was only the second start for 22-year-old Palica after 21 relief jobs.

Rookie catcher Del Crandall, getting a second chance because of Walker Cooper's ankle injury, drove in four runs with a homer and double in Boston's 6-4 edge over Cincinnati.

Ralph Kiner socked his 25th homer, a double and triple but his Pittsburgh club lost to New York, 7-5. The Giants scored all seven runs in the first inning to snap the Pirates' three-game win streak.

SIMMONS TO TRAIN AT GAP

Philadelphia, July 15 (AP)—Curt Simmons, the \$65,000 bonus pitcher who made good, won't be around to help the Philadelphia Phillies in their pennant drive during the first two weeks of August.

Instead of taking his turn on the pitching mound, young Curt will be on duty with the 108th field artillery battalion of the 29th division at Indiantown Gap, Pa., from July 29 to August 12.

It's a two-week tour of National Guard duty Curt has been serving for the past three years, but this will mark the first time Simmons will be lost to the club during a pennant fight.

The Phils now are one game ahead of the St. Louis Cardinals and Simmons, a 21-year-old left-hander from Egypt, Pa., leads the team's pitchers in victories with 11 and in strikeouts.

During Simmons' absence, the Phils likely will elevate rookie Emory (Bubba) Church, a right-hander, to a starting role along with regular starters Robin Roberts, Bob Miller, Russ Meyer and Ken Heintzelman.

While Simmons is off soldiering for two weeks, the Phils will play 17 games, all at home, entertaining each National league club except the Boston Braves.

Two Card Stars On List Of Injured

St. Louis, July 15 (AP)—The pennant-driving and injury-ridden St. Louis Cardinals worried today about the condition of two of their stars—Stan Musial and Harry Brecheen.

Both were retired from last night's game with the Philadelphia Phillies. Musial with a wrenched left knee and Brecheen with a sore pitching arm.

Musial left the contest in the seventh inning after he had slipped in loose dirt while running to first base. It's the same knee that sidelined him for four days earlier in the season.

Brecheen left the game in the fourth inning after giving up six hits. "The Cat" said the arm has been bothering him in his last two games.

"B'S" DOWN "A'S" IN MIDGET GAME

The "B" All-Stars defeated the "A" All-Stars Friday evening in a midget baseball league contest at the Recreation field. Playing before a "Recreation Night" crowd of about 500 the tiny ball players put forth a performance of which many an adult team could have been proud. Stoutly supported by a militant group of fans—most of whom were parents or brothers or sisters of the team members—the players committed relatively few errors, and their activities had a professional flourish that bodes well for adult baseball a few years hence.

Collins held his opponents of the "A" team to two hits, struck out eight and gave nine bases on balls. R. Gigous and B. Cole failed to halt the "B" squad. Gigous gave up nine hits to the "B's" and walked nine. Cole permitted no hits during the few innings he was in as relief pitcher, struck out three and gave no walks.

Redding pounded out a homer for the "A" team, while Hemler, Yingling and Collins pushed across doubles for the "B's".

Interstate League

(By The Associated Press)
A 13-hit assault by the improving Harrisburg Senators narrowed Hagerstown's Interstate league lead to one game today.

The Senators raked a trio of Hagerstown pitchers for a flock of extra base blows, including a homer by Pete Perini, to win 9-3 last night and enable Wilmington's second place Blue Rocks to gain a half game.

The Rock split a pair with Lancaster, losing 11-2 and then coming back to take the nightcap 7-4. Sunbury and York also divided a double header. Sunbury winning 7 to 6 on Steve Filipowicz' triple and dropping the aftermath, 9-3, as Jake Ties went the distance to pitch an eight-hitter.

Trenton and Allentown split another twin bill as both clubs got brilliant pitching. Ted Heitschmidt, Trenton right-hander, pitched a one-hitter as the Giants won the opener, 6 to 0. The lone hit off Heitschmidt was a first inning scratch single by Bill Killinger. Herb McFord pitched three-hit ball as Allentown won the second game 3 to 1.

Tonight's schedule: Hagerstown at Wilmington, York at Trenton, Allentown at Harrisburg (2) and Lancaster at Sunbury.

Eastern League

(By The Associated Press)
Binghamton's Dick Carr and Wilkes-Barre's Bob Chakales turned in shutout performances last night in the Eastern league.
Carr, a 19-year-old right-hander, limited the Albany Senators to three hits as the second-place Triplets gained a 2-0 victory over the fifth-place Senators. The Triplets are

Sports Roundup

By HUGH FULLERTON, JR.

New York, July 15 (AP)—The first "hall of fame" football game will be Brown vs. Rutgers next fall, to be played at New Brunswick, N. J., just a few miles from the spot where the whole business started. They've agreed to cut the newly-organized hall in for some of the "take" and hope to encourage other colleges to do the same. The week before the game will be designated as "New Jersey football week" when the high schools will do their share. Word from New England is that Boston College and Boston U. are getting some ball competition for grid talent in that territory from all places! Harvard.

seven and a half games behind Wilkes-Barre. Chakales allowed five hits in blanking the Elmira Pioneers, 9-0.
The Utica Blue Sox, third-place club, divided a doubleheader with the Hartford Chiefs. Hartford copped the opener, 7-4, and the Sox took the nightcap, 5-4. The Williamsport Tigers whipped the Scranton Miners, 3-2 and 15-1.

Larry Jansen, reviewing his all-star pitching performance: "I never would have thought of throwing inside fast balls to Joe DiMaggio, but Campanella ordered them and I threw them. I guess DiMaggio doesn't get around on these fast inside pitches as well as he used to."

Despite the Phillies' threat to move their Ulica, N. Y. farm if attendance doesn't pick up, Eastern leagues aren't expecting any drastic move. They just ask, "Where to?" And Tommy Richardson, E. L. prey, has another question: "What difference does it make whether a team is first or last as

Out of The Past

From the Files of the
Star and Sentinel and
The Gettysburg Times

TEN YEARS AGO

Couple Weds in Frederick: Clarence E. Williams, son of Mr. and Mrs. Frank E. Williams, Steinwehr avenue, and Miss Mable G. Stoner, daughter of Mr. and Mrs. Ivan P. Stoner, Gettysburg R. 3, were united in marriage last Saturday afternoon in Frederick, Md., by the Rev. Benjamin Weeks, Methodist pastor.

The bridegroom is employed at the Gettysburg Panel factory.

Cassatt - Sparks: Announcement has been made of the marriage of Miss Jane Sparks, daughter of Mrs. Frank E. Williams, Steinwehr avenue, to Ivan Cassatt, son of Mr. and Mrs. John Cassatt, Bonneville, by the Rev. Mr. Weeks at the Frederick Methodist church, Wednesday, May 22.

McLaughlin - Rider: Announcement has been made of the marriage of Miss Frances Rider, daughter of Mr. and Mrs. Charles Rider, 421 Baltimore street, to Robert Curtin, McLaughlin, son of Mr. and Mrs. James McLaughlin, Gettysburg, in the rectory of St. John's Catholic church, Westminster, by the Rev. John Kelly, Saturday, July 20, at 11 a.m.

Their attendants were Miss Anna Rider and Clarence K. Nett.

Martin-Bly: Announcement has been made of the recent marriage of Miss Gladys A. Bly, daughter of Mr. and Mrs. Gilbert Bly, Bendersville, to Robert G. Martin, son of John Andrew Martin, York Springs, at Frederickburg, Va.

The ceremony was performed by the Rev. Robert E. Caverlee, pastor of the Baptist church.

Sells 65-Acre Farm: John C. Campbell has sold his 65-acre farm, formerly the William Sachs property, three miles south of here along the Baltimore road, to Albert Huberty, Cleveland, Ohio. Possession will be given October 1. The transfer was made through C. A. Heiges.

Democrats Renominate President Roosevelt on the First Ballot: Chicago, July 18 (P)—Franklin D. Roosevelt was renominated for President early today by a Democratic national convention, which, with a thunderous disregard for precedent, flung aside the 144-year-old two term tradition.

Ignoring the President's message that he had no "desire or purpose" to be a candidate, delegates gave him 946 13-30 votes on a first ballot roll call to a collective 149 1-15 for four other candidates.

The convention started its history-making session Wednesday night in the staid and traditional manner. Delegates stirred and talked in the same old way while Senator Robert Wagner of New York went through the usual routine of reading the platform.

Senator Returns to Convention: Senator and Mrs. John S. Rice and Arthur E. Rice, Jr., flew by airplane to Chicago on Thursday to attend the national Democratic convention.

Senator Rice had returned from the convention in the early part of the week but was recalled there when it was reported that he would continue to support a movement for the nomination of Governor Lloyd Stark, Missouri, as the Vice Presidential candidate.

Governor Stark is a personal friend of Senator Rice.

Washington, July 19 (P)—President Roosevelt in his acceptance speech Thursday night referred to Henry A. Wallace as nominee for "President of the United States" as follows:

"To you, delegates of this convention, I express my gratitude for the selection of Henry Wallace for the high office of President of the United States. His first hand knowledge of the problems of government in every sphere of life and in every the whole world, qualifies him without reservation."

YOUR LIBRARY

Every one should have a carefully selected library, for when you do, you have a group of writers who match much of all that you are. And they can be around you, ready for your beck and call. You can have some that cheer you when low, some who entertain you when away from your daily toil, and some to comfort you when in sorrow.

No matter how small or large, a library should be an essential investment in your home. What kind of books? The same kind you like as your human friends. They should be selected in the same manner. But, in the case of books, you can keep adding to them, and enriching your circle of friends.

Some one called at the home of Wordsworth, the naturalist poet, who wanted to see his library, and the maid said that his study was in a certain room, but his library was in the all out-of-doors! That is where my greatest library is. Though I have books reaching to the ceiling of my room, and covering all about me in the wide open spaces. That's where Fabre had his, as well as Hudson, and a great horde of others. Their notes, merely, went into books. They never could reproduce from Nature's inexhaustible library.

Select the books that you like, though you may be led to many by others. Be your own pioneer in gathering books that fit best into your own mind and heart. Then tell your friends about them, the same as you would a friend. I like books that have gone down the years on a pilgrimage to many—entertaining, comforting, and inspiring the millions.

I like almost every variety of books, but I lean most to those that meet my moods. And there are books for every mood that any of us may have. Lovers of them discover this fact sooner or later. I would feel the lack in my library without my Shakespeare, Lamb, Gissing, Hudson, Thoreau, or Buchan. Just to name a few favorites.

Your library can easily become your sanctuary, as it has been for thousands of others. It is one of the most valuable of all equipments for a happy home!

Just Folks

By EDGAR A. GUEST

CADDIE GROWTH
It never struck me years ago
(What recently I've come to know).
When I went out to play,
The boy who trudged along with me,
From tee to green and green to tee,
Would be a priest today.

So swiftly boys to men are grown,
So little to us all is shown,
It ne'er occurred to me
The lad who bore my bag of clubs,
And had me listed with the dubs,
Would soon a doctor be.

I'm daily meeting caddies who
Are lawyers now and merchants,
too,
All most successful men,
And wondering if my faults I'd hid
From them much better than I did
If I had known it then.

Eyer-Poulson: Miss Viola Poulson and Paul Eyer, both of Emmitsburg, were united in marriage on July 6 at the parsonage of the Reformed church, of Thurmont, Md., by the pastor, the Rev. E. D. Bright.

They were attended by Mr. and Mrs. Eugene Hardman.

Mr. Eyer is a son of Mr. and Mrs. Joseph E. J. Eyer, Jr.

Exposure to sunlight results in the formation of vitamin D in the body, but the best natural source is the liver of salt-water fish, especially cod and halibut.

Eyes On The Road

It's curious that with all of our advancement in motoring we are continually getting around to the old days again. You can see this for yourself in one of the important things to be learned by those who are operating cars with automatic transmissions and torque converters. Remember when the instructor hammered away at the idea that we must never look down at the floor to find the position of the gear shift lever? Remember how he said to learn to "feel" the gear positions and to keep our eyes on the road? Well, we're right back to very much the same thing. Now we are being told not to look at the selector control lever on the steering post, but to keep watch on the road ahead. Watch the driver of these cars and notice how often they will look at the lever to check its exact position. They should be able to do this by "feel" alone.

One For The Book

Several times recently owners have complained of not being able to keep the fuel filter bowl filled. This indicates that air is leaking into the system, and in some cases this air has had the effect of disturbing engine performance.

Well, I've checked into this and find that in some instances the trouble is caused by a poor fit of the bowl due, in turn, to failure to observe the position of a little tab which is found on replacement fuel pump diaphragm. If this tab is on the side next to the filter the chances are that it will prevent the bowl from fitting tightly against the filter gasket.

Three To Remember
The pressure at which a tire rides has much to do with the noise its tread will make. If there is cupping there usually will be more noise when a tire is slightly under-inflated for it is then that the tread edges come into close contact with the road surface.

In most cases of high oil consumption great improvement could be obtained by being less abrupt when easing up on the accelerator. If the throttle is closed suddenly the pistons exert a suction effect on the crankcase, thus drawing up more oil.

Cleanliness when fitting the rear bearing and its seal plays an important but often neglected role in preventing oil from leaking through to the clutch.

Mechanic Joe Speaking:
"While it is possible to purchase an extension for the ignition switch for the purpose of more conveniently attaching car accessories the process isn't all gain. Of course it is better than to try to hook up everything to the switch or ammeter direct, but in any event all this just overloads the switch. It would be better to forego certain electrical accessories if there is no other way to protect them against undesired use by persons who may be around the car when the ignition is locked."

Check On Those Tires
This seems quite immaterial at this season of the year, but when you are keeping those snow tires you used last winter? Are they in a dry cool place or just anywhere around the premises? They should not be left in the garage because of the heat. Nor should they be left in the open, even though in a shady spot. A good dry cellar is the best spot. Take a look at them now and again, and move them about. They should be given the benefit of fresh air and not be closeted.

One of the cars that made a deep impression on the American car shipper's mind at recent British automobile exhibitions was designed by an American. . . . Some bargain hunters who thought they were buying new models at a discount were found to have paid a premium due to being the victims of slick advertising. . . . Making a round piston ring fit a worn-square cylinder has at long last been brought into reality by development of a flexible ring that looks like a metallic snake. . . . Actually, engineers point out, there still are no fully automatic transmissions, the driver still finding it necessary to set a lever.

So much is written about what

not to lubricate on the modern car

is refreshing to note that little plunger switches for the dome and floor lights of the car will thank you for a dab of the sort of grease stick lubricant used on door latches. A little grease on these little plungers will keep them working smoothly. Incidentally, whenever using such grease always wipe the old grease off before applying new. A little alcohol or carbon tetrachloride (cleaning fluid) will help here.

My hat is off to a reader who, when told that the vibration he was hearing in his car was due to a bad propeller shaft, got a friend to give him a long tow on the open road when traffic was light. In this way the car rolled without benefit of motor and exhaust noise. He got a very good picture of the drive line situation and was rewarded by finding that all was well in this part of the car. Later he discovered the vibration was due to a defective vibration damper at the front end of the motor.

Keep These In Mind

When changing wheels always tighten the bolts across the wheel, in order to prevent wheel run-out. That is, after tightening a bolt, go across the wheel hub to the opposite bolt for the next tightening. Also the initial tightening should not be too severe. Save the elbow grease for the finishing touch.

Accidents are developing because of unwise use of flasher directional signals. Chief trouble is failure to give signals soon enough to be of help to the man behind. Also

many motorists fail to indicate by suitable placement of their cars which way they intend turning.

If you are installing a new oil filter make a note of the fact that the engine will require anywhere

from a half to a quart and a half of oil to bring the system up to the full mark. The extra oil will compensate for the filter cartridges absorption.

RADIO

New York, July 15 (AP) — Detroit's pioneer radio station WWJ, owned by the Evening News association, is making plans for its 30th anniversary, the first to be observed in broadcasting. The event comes next August 20.

Special programs are being arranged for the event. It is hoped to locate some of the folk who heard or contributed to the station's first broadcasts in 1920 so that they can be asked to participate. Mementoes of the early days also are being sought.

In recent years WWJ has been pioneering in the newest field, television. WWJ-TV was the first such unit in Detroit, starting up in 1947.

Seattle, July 15 (AP)—At least one man was killed and eight others injured early Friday by an underground explosion that ripped out 60 feet of sidewalk and damaged a

three-story building.

Firemen were battling flames that shot 15 and 20 feet above the sidewalk. Police Chief George B. Eastman said the fire originated in the city's gas mains which underlie the street and appeared to be the source of the blast.

Washington, July 15 (AP) — New elections probably will be ordered soon among agents of the Metro-

politan Life Insurance Co. in states to determine whether the want to be represented by an AF union, and independent union, or no union.

The National Labor Relation board, in a 3-1 ruling Thursday, wiped out the results of election held a year ago, on the ground that the company interfered with a free choice.
